OUTDOOR AND INDOOR RUGS

Paola Lenti ha cambiato il concetto tradizionale di tappeto attraverso una moderna e creativa interpretazione di materiali, forme e lavorazioni. Funzionali e decorativi, coordinati alle sedute Home e Aqua, ai pannelli componibili Build e alle strutture architettoniche di Landscapes Collection, i tappeti sono personalizzati a mano per rispondere a necessità progettuali di diversa natura mantenendo sempre il loro stile inconfondibile. Le collezioni per interno e per esterno, differenti per materiali e prestazioni, sintetizzano l'antico e il moderno in prodotti destinati a diventare nuovi classici grazie alla singolarità delle loro caratteristiche.

Paola Lenti has changed the traditional concept of rugs through a modern and creative interpretation of materials, forms and production techniques. Practical and yet ornamental, coordinated to the Home and Aqua seating, the paneling system Build and the architectural structures in the Landscapes Collection, Paola Lenti rugs are made by hand and tailored to the most diverse project requirements, always preserving their distinctive style. Indoor and outdoor rugs, different as far as materials and performances are concerned, unify ancient and modern into products intended to become new classics for their unique characteristics.
