

Series composed of tab chair and armchair.

The steel **structure** is provided with elastic belts on both the seat and the backrest and is padded with cold injected polyurethane with fixed covering in polyester fiber and polyamide.

The **legs** in ash heartwood are finished by hand Mano Opaca or Mano Lucida and are provided with plastic spacers.

The new Elsie **upholstery** is removable and produced by recovering and sewing together the production cutoffs of the different indoor fabrics in the collection that otherwise would be discarded.
