Heracleum The Big O

**BERTJAN POT | POWERED THROUGH ELECTROSANDWICH® BY MARCEL WANDERS**

In the Heracleum The Big O, by Bertjan Pot, the flowering leaves are shaped in a blossoming crown. In the old days, a circular crown was a symbol of power, eternity and glory. The Heracleum The Big O adds the beauty of nature and prosperity to that row. Available in two sizes and three colours, this festive foliage is suitable for any space and crowns any interior.

Detailing

Heracleum is powered by Electrosandwich, a technique of coating conductive layers, very thin and delicate. A design not possible with normal wires.

Dimmer

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs.

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.

DIMMER TYPE
Mains and/or 1-10V dimmable (trailing edge / reverse phase)

LOAD TYPE
Capacitive load (C-Type)
