Plumon is based on the concept of clothing, on dressing and undressing furniture. For Plumon, Urquiola designs a light structure, on which a tailored and padded dress is 'moored', wrapped. This ribbed padding, characterized by stitching, as well as being an aesthetic figure, fulfills the comfort of the product. It is the fit that guides the aesthetics. With a few simple gestures, the dress is placed on the rigid teak structure and embraces it. An extreme ease of use that becomes a real plus for an outdoor collection.

## Maintenance

---

Clean with mild soap using a sponge or cloth. Be gentle during the cleaning process; avoid aggressive scrubbing of the fabric. After cleaning, ensure you remove any excess soap.

For stubborn stains, use diluted household bleach. Act promptly to clean stains; the longer they linger, the more challenging they become to remove.

After cleaning, steam iron the fabric using only steam. Be cautious not to place the iron directly on the fabric, as it may cause damage.
