

CH163

HANS J. WEGNER

CARL HANSEN & SØN

DESCRIPTION

Hans J. Wegner designed the CH163 sofa in 1965. Despite a geometric appearance the sofa is soft and comfortable with raised sides. This 3-person wood based sofa exhibits how Wegner often highlighted functional details such as the enlarged cover caps in the armrests, made larger for decorative reasons.

PRODUCTION PROCESS

The frame is bent and welded together. Then it is polished and assembled by hand. The chair consists of molded foam and is then upholstered by hand.

Danish architect Hans J. Wegner (1914-2007) is considered a pioneering furniture designer of the twentieth century.
